

Creating life changing environments, where success is certain.

COM Mabee Aquatic Center is one of the most comprehensive aquatic facilities in the world. The epitome of a self-funded non-profit corporation, COM offers a wide variety of programming; from competitive swimming and diving, to parent-tot swimming, to senior exercise classes and everything in between. Welcome to our world-class facility.

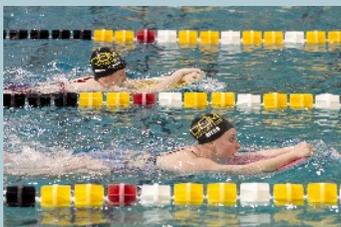

FMH Foundation Natatorium features two pools: an Olympic size pool measuring 50 meters by 25 yards, and a smaller pool with four 25-yard lanes, and two shallow areas with a zero depth entry ramp. Our Olympic pool can accommodate ten 50-meter lanes or twenty-one 25-yard lanes. The facility can seat 800 spectators, with space for 800 athletes on deck. There are 3 sets of restrooms and an athlete only men's and women's locker room. In addition to pool space, the facility hosts meeting space, meet operations room, concession stand and two multi-purpose rooms.

Mabee Pool is COM's first pool. This pool is an eight lane 25-yard pool, with spectator seating for 250 and a men's and women's locker room. The pool is home to COM's two rope swings.

Abell-Hanger pool is an indoor pool, featuring a 16 foot deep diving well, with 3-, 5-, 7, and 10-meter platforms, and four 1-meter and 3-meter springboards. The pool can accommodate ten 25-yard lanes when the diving well is not in use. The facility has two second story seating sections with seating for 800, and space for 350 athletes on deck, along with men's and women's restrooms. In addition to the pool, the facility hosts a meet operations room, office space and a multi-purpose room.

Gathercole Pool is adjacent to the Mabee pool and is used primarily by our Learn to Swim department. Catering to COM's youngest swimmers, the shallow pool hosts three 12.5-yard lanes and is kept at 88 degrees.

Creating life changing environments, where success is certain.

Pevehouse Pool is the home of our warm water therapy program. The pool is maintained at 90 - 92 degrees, and is four feet deep, with a six foot deep water well hosting underwater treadmills. The pool has a men's and women's locker room, a separate handicap restroom, zero depth entry ramp, underwater exercise bars and water walking area.

de-Compiegne-Wallace Pool is a six feet deep pool and host's COM's deep water aerobics program. The pool shares locker rooms with the Pevehouse Pool and is part of the Aquatic Wellness program at COM. This pool is also used occasionally as a warm-up or cool down pool, and as a training pool for COM mermaids.

Kids Gym is home to COM's athlete prep program, catering to children as young as 6 month. This groundbreaking program prepares our youngest members to join the COM Dive and Swim team.

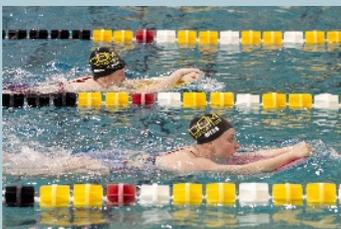

COM Physical Therapy offers the Permian Basin comprehensive physical therapy for post-surgical patients, chronic pain management, sports injury rehabilitation, and aquatic therapy. COM Physical Therapy is one of the largest centers in the area, employing 4 Physical Therapists and 2 Physical Therapy Assistants with over 80 years of combined experience.

The Physical Therapy practice shares space with the COM Wellness Center, offering free weights, kettle bells, treadmills, elliptical trainers, various bikes, and resistance machines.

The Beal Family Courtyard is an 8,000 square foot outdoor area, located in the center of the COM campus, used as an outdoor entertainment area, including an integrated stage and outdoor sound system. The courtyard has hosted meet socials, fundraising events, dinners, camp activities, and award ceremonies. Depending on the set-up, the courtyard can accommodate several hundred people.
